OBJECTIVES

A highly passionate and motivated computer science graduate with a strong interest in developing robust and scalable systems for cutting-edge solutions. Eager to contribute flexible and efficient architectures while continuously learning and growing in a dynamic environment. Seeking opportunities to apply my skills, enhance my knowledge, and advance my career in software development.

EDUCATION

Patuakhali Science and Technology University

October 2024

B.Sc. in Computer Science and Engineering

- Object-Oriented Programming • Database Management Systems • Operating Systems • Data Structures and Algorithms • Computer Networks

BAF Shaheen College, Dhaka

June 2017

PROJECTS

A Simple CRUD App | [Live Link](#) | [github](#)

- Developed a fully functional MERN stack CRUD application with Refine, Material UI, and a smart sidebar for seamless user experience
- Implemented OAuth authentication for secure user login and authorization.
- Designed and integrated RESTful APIs to create, read, update, and delete property data efficiently.
- Utilized MongoDB as the database to store and manage property-related data effectively

Technology Used : Node JS, TypeScript, Express JS, MongoDB, REST APIs, Git, VS Code

React Admin Dashboard | [Live Link](#) | [github](#)

- Designed and developed a dynamic React Admin Dashboard with an intuitive UI and a smart sidebar for seamless navigation.
- Integrated interactive data visualization using Line, Bar, and Pie charts to enhance user insights.
- Built a user profile form with Formik and an interactive calendar for event creation and management.

Technology Used : React JS, MUI, HTML/CSS, Git, VS Code

SKILLS

Languages: C/C++, JavaScript, Python

Framework/ Technologies: React JS, Node JS, MongoDB, MySQL, Express JS

Tools: Git, VS Code, Postman

PROBLEM SOLVING

Codeforces |  [CF Handle](#)

Solved more than 450 problems

Leetcode |  [Profile](#)

Continuously solving problems to strengthen proficiency in data structures and algorithms.

INTERESTS

- Backend Programming • Scalable Systems
